Summary

Curious about how software solves real-world problems, I'm a Computer Science & Engineering student at Haldia Institute of Technology who enjoys turning ideas into practical applications. I'm currently exploring backend development, AI, and scalable web technologies while continuously learning through hands-on projects.

Education

Haldia Institute of Technology

Haldia, West Bengal

Bachelor of Technology - Computer Science | 2024 - Present

CGPA: 8.67 (Upto 4th Sem)

Badanganj High School

Badanganj, West Bengal

- **Higher Secondary** | Science Stream | Marks Obtained : 79% | 2022 - 2024 (Completed)
- **Secondary** | Marks Obtained : 87.14% | 2021 - 2022 (Completed)

Technical Skills

Languages: Python, Java, JavaScript, TypeScript, SQL

Frontend: HTML5, CSS3, React.js, Next.js, Tailwind CSS

Backend: Node.js, Express.js, REST APIs

Databases & ORM: MongoDB, MySQL, Database Design

Tools & Platforms: Git, GitHub, Linux, VS Code, Figma

Cloud & Deployment: Vercel, GitHub Pages, Render, Environment Variables (.env)

CS Fundamentals: DSA, OOP, DBMS, OS, CN

Experience

AI Intern (Remote) | [FlyRank AI](#) | July 2026 – Present

- Collaborating remotely with cross-functional teams on AI and machine learning projects using Python.
- Assisting in the development, testing, and optimization of AI-driven applications and workflows.
- Gaining hands-on experience with software engineering best practices, Git-based version control, and collaborative development.
- Contributing to data processing, model evaluation, and automation tasks while strengthening problem-solving and technical skills.
- Continuously expanding expertise in AI/ML, backend development, and cybersecurity through practical project work.

Projects

Personal Portfolio Website | React.js, TypeScript, Tailwind CSS, Framer Motion, Vite, GitHub Pages

[\[Live Link\]](#)

- Designed and developed a responsive portfolio website to showcase projects, technical skills, certifications, and professional experience.
- Built with React, TypeScript, and Tailwind CSS, featuring smooth animations, dark/light mode, modern UI, and optimized performance.
- Implemented reusable components, responsive layouts, and GitHub Pages deployment following modern frontend development practices.

Achievements

1. **Tuition Fee Waiver (TFW) Scholar** – Awarded a Tuition Fee Waiver (TFW) seat at Haldia Institute of Technology based on academic merit.
2. **HPF 2025 Scholar** – Selected for the Harsh and Payal Hada Foundation Scholarship 2025 through a competitive merit-based selection and in-person interview process.
3. **Selected for Industry Visit** – Data Space Academy – Participated in an academic industry visit focused on AI, emerging technologies, and real-world software development practices.

Certifications

- Oracle Cloud Infrastructure 2025 AI Foundations Associate – Oracle (2026)
- Google Cloud Skill Badges – Cloud Computing, Compute Engine, Networking & Kubernetes (2026)
- Tata Cybersecurity Analyst Job Simulation – Forage (2026)
- Deloitte Australia Cyber Job Simulation – Forage (2026)
- Basics of Data Analytics – Physics Wallah (2025)
